Engine Power.....	55.4 KW
Transmission.....	Hydrostatic
Speeds.....	2 forward, 2 reverse
Travel Speed.....	25 km/h

Dimensions

Length.....	3.90 m
Width.....	1.82 m
Height.....	2.00 m
Ground clearance.....	0.38 m
Turning radius.....	3.19 m
Weight.....	4,922 kg

Working range

The MLT 625 rough terrain telescopic handler is a machine ideally suited for working in confined spaces. The MLT 625 can fully access the majority of your working environment. With four wheel steering, the compact dimensions of your machine and its excellent turning circle makes it easy to fulfil your daily tasks.

It has been developed with ultra-compact dimensions to access the most restricted area. With a height of 2 metres and a width of 1.82 metres, the MLT 625 can easily enter buildings and operate in areas which are inaccessible to other machinery.

In addition to its ground clearance of 38 cm, the MLT 625 is fitted with 18" agricultural profile tyres. The excellent traction and grip allows the machine to operate on all types of terrain. You can work in any situation and versatility becomes part of your daily life.

The cab has been especially designed to protect you. Satisfying the requirements for roll over protection and falling objects protection.

360° all round visibility gives you unrivalled vision providing a safe working environment.
